Notes from the President:

In January, ACTS began its 17th year of operation. To the churches, agencies, organizations and individuals who have supported us, a hearty thank you and God Bless! We couldn't have done it without you! Through your generosity and participation, we have averaged help to about 1600 families and individuals a year. Not all have received financial help, but in many cases, we were able to refer them to other agencies where help was available.

Your generosity has amounted to over \$1.6 million dollars in the 17 years of which we have spent over \$1.5 million. Our expenses amount to approximately 5% for items such as rent and utilities, office supplies and repairs to equipment. Many of our churches help us with paper and copying, when needed. All the computers we have used over the years have been donated as well as the copiers and most of the printers.

Because we are all volunteers, no salaries are paid. A special thanks to Natalie Neville and Nancy Collins who have been with me the entire 17 years.

A donation of office chairs is desperately needed!

May God continue to bless ACTS and her benefactors!

President

What is ACTS?

ACTS is an interfaith ministry dedicated to the needs of our neighbors in Bulloch County. ACTS provides one-time emergency financial assistance. Monies are provided by donations to ACTS from local churches, United Way, grants and donations.
